I sing Cuban music, Latin Jazz, Jazz, Bossa Nova and flamenco, I sing in particular the mixture of them.

I sing in Spanish and English and Portuguese and Japanese, I do live performances, am based in Tokyo.

I have experience that I had live performances with jazz musicians from New York and Cuban musicians,

and I'm doing album production with them.

Some of them have Grammy Awards.

I'm also being on good terms with Cuban singer OMARA PORTUONDO (Buena Vista Social Club) for 20 years,

I worship like a master and I am loving and respecting her in particular. I sang her chorus with her concert in Japan.

I don't copy her style, but essence of her song respects and may also be included in my song.

In particular, I'd like Mr. NICOLA CONTE from Italy and Mr. BRUY from England Mr. Swami from Brazil to produce my CD.

I'd like to costar with various national musicians, and I'd like to do collaboration and an exchange and go.

I wish sincerely that the chance is given to me.

Thank you very much.
