Arim. Poet. Singer-songwriter. Yamanashi. Japan

< Arim's poetry>

I started writing poetry when I was a teenager, and was fascinated by modernist poetry and published the first poetry collection. After that, after the second poetry collection "Hikari", I have been aiming for poetry words that reach people's hearts. May people always remember their hopes, and words become the water, the light, the compost, and the power to step up step by step. I have written my poem with the hope that it will become the language of one person. Words for someone-Arim

<Arim's song>

Arim who wrote contemporary poetry for many years started songwriting songs from 2016.

The gentle and lonely face of the Gaza boy stuck in Arim's mind, and at one point the melody flowed along with the words of the lyrics.

May the light of hope reach those who have sadness in their hearts. A gentle song like Arim's prayer was born.

Beside me, I always feel like the boy is listening. I hope I can sing to someone who feels lonely.

It's Arim's song made with such a feeling of being close to each other. I will make fun songs that are kind and will create new dreams

Love for you ... to you.

● EP "Love For You, For Gaza, For the Children"

Charity project Arim & House of tapes

These are songs born from the thoughts of Gaza and children around the world. May the warm light of hope shine in the hearts of many people who have sadness in their hearts. With that wish, I made an EP containing three songs, "I Believe," "Again," and "Love For You." I am deeply grateful to the electronic musician House of tapes for their great cooperation and for the kindness of everyone who listened to it. We hope that this proceeds will be donated to the Japan Volunteer Center and used for children in Gaza and conflict areas.
