

# Deaf Puppet Theater Hitomi

We have organized our puppetry company with deaf actors and hearing actors. With ability of puppetry, which not caught in phonetic language, the company was established in 1980 to seek for new expression of puppetry. The project has dual actions, that is, welfare and theater arts. The quality of their shows improved, and it has performed in Japan and other countries.

Our Puppetry have challenged various channel of expression.

A puppet play completely no dialogue, a play which made sign language to an artistic expression, coexisting both sign and sound dialogue, placards, subtitle, pantomime, Kagura; sacred music and dancing performed at shrines, Japanese traditional dance, Peking Opera, and various musical instruments.... The quality of their shows improved, and it has performed in other countries.

#### ◆Co-creation with people in elderly DEAF

We had been a new project “Art project with elderly deaf” from 2021.

This project started a new artist team which is Deaf puppet theater Hitomi and Setsu Hanasaki.

We made a small performance based on an episode of the childhood heard from an elderly deaf person.
